

**DEPARTMENT OF FINANCE BILL ANALYSIS**

**AMENDMENT DATE:** May 17, 2010  
**POSITION:** Neutral

**BILL NUMBER:** AB 2277  
**AUTHOR:** N. Fletcher

**BILL SUMMARY: Water Conservation: Urban Retail Water Suppliers**

Existing law requires retail water suppliers that supply water to a US Department of Defense military installation to consider the military installation's requirements under presidential Executive Order 13423, issued on January 26, 2007, when developing a plan to meet the urban retail water supplier's water use target. This bill would update existing statute to require urban retail water suppliers to consider water conservation measures of the military installation under presidential Executive Order 13514, issued October 8, 2009, and any other applicable presidential executive orders governing water conservation by federal agencies.

**FISCAL SUMMARY**

This bill would have no fiscal impact on the state.

**COMMENTS**

This bill would have no fiscal impact and concerns a policy matter on which we are neutral.

The bill would update state statute to conform to the most recent presidential executive orders related to federal military installations. This represents technical clean-up to SB X7 7 (Chapter X7 4, Statutes of 2009).

**SUMMARY OF CHANGES**

Amendments to this bill since our analysis of the original version are minor and do not alter our position.
